

Ivy Tech Community College's Statewide Transfer General Education Core (STGEC) prepares students for transfer to the baccalaureate-degree granting state institution of their choice. If at least 30 credits are accumulated and the STGEC requirements are met, it is state-mandated that the entire block of 30 college credits will transfer to any public university in Indiana. This 30-credit hour block of courses is equal to a full year of college coursework. Students who complete the STGEC requirements will have met the requirements for the Statewide Transfer General Education Certificate and will have this noted on their transcript.

As stated by the Indiana Commission for Higher Education (ICHE), the STGEC was established in 2012 as SEA 182. It is a collection of courses that are based upon a set of competencies in the areas of Foundational Intellectual Skills and Ways of Knowing.

Total Statewide Transfer General Education Core: 30 minimum credit

*CTL courses

Updated 9-26-17

Please note that dual credit from other institutions, including Advanced Placement credit, may be transferred to Ivy Tech Community College in order to fulfill STGEC requirements. At least 15 credit hours of the required 30 must have originated with Ivy Tech Community College to be eligible for the certificate.
