

Seymour Community Schools

Dear Seymour Redding School Families,

On March 31 2022, the Indiana Immunization Coalition (IIC) will be onsite at Seymour Redding School to host an immunization clinic during the school day for students. This is a wonderful opportunity for your student to get caught up on their immunizations if they are behind, and if you want your student to get their immunizations now in preparation for the following school year (PreK, 5th and 11th graders). This is an optional service. If you do not want your student to participate then please do not complete the online registration.

Students who participate in the clinic will be vaccinated with all recommended vaccinations that are due at the time of the clinic. The IIC will look up your student's immunization history, so they know what immunizations your student is due for. Vaccines that may be administered include DTaP/Tdap, Hepatitis A, Hepatitis B, HiB, HPV, Influenza, MMR, Meningitis, Polio, Rotavirus, Varicella, Flu and Covid-19. If you want more information on what immunizations are recommended for your child, then please see the [CDC Recommended Immunization Schedule for Children and Adolescents](#).

Of note, IIC will not initiate the Covid vaccine series without explicit parental request, but we will complete the Covid series if it has already been started. If your child has started the Covid vaccine series and you do NOT want them to complete the series, then please send an email to clinic@vaccinateindiana.org within 48 hours prior to the scheduled immunization clinic.

IIC accepts all insurance (commercial, Medicaid and Medicare), and can also provide immunizations for those without insurance at no cost.

If you would like to have your student participate in the immunization clinic, here at the school, then please complete the online registration form here: <https://patients.vaxcare.com/registration> **Enrollment Code IN65942**. Please register by [day before clinic] and your completed online registration will serve as confirmation of a scheduled appointment for your student to receive their immunizations during the school day. If you need a form in a different language or need assistance completing the registration, then please contact the school at [phone # or email].

For more information, please contact our school nurse at 812-528-1180

*Please note that the Indiana Immunization Coalition will vaccinate those students registered for the clinic with all ACIP recommended vaccines unless we are contacted for specific vaccine refusal at least 48 hours prior to the clinic via email clinic@vaccinateindiana.org or phone 317-628-7116.

Thank you,

Sherry Reinhart RN

Estimadas Familias de las Escuela Seymour High School:

El jueves 31 de marzo del 2022, la clínica de vacunas del estado de Indiana estará presente en la escuela primaria de Redding y tendrán una clínica para vacunas durante el día escolar para los estudiantes. Esta es una oportunidad maravillosa para que su estudiante se ponga al día con sus vacunas si está atrasado y si quiere que su estudiante reciba sus vacunas para que esté preparado para el siguiente año escolar. Si no desea que su estudiante participe, no complete el registro en línea.

Los estudiantes que participen en la clínica serán vacunados con todas las vacunas recomendadas que se vencen en el momento de la cita. El departamento de vacunas de Indiana buscará el historial de vacunas de su estudiante para que sepan que vacunas le corresponde. Las vacunas que pueden ser administradas incluyen, DTap/Tdap, Hepatitis A, Hepatitis B, Hib, Polio, rotavirus, influenza, MMR, virus del papilloma humano, Meningitis y Varicela. Se desea obtener más información sobre las vacunas necesarias, consulte al CDC Recomendad Inmunización Schedule for Children and Adolescents.

La clínica de vacunas de Indiana acepta todos los seguros médicos (Comercial, Medicaid, Medicare) y también pueden ponerle las vacunas para quienes no tienen seguro médico sin costo alguno.

Si desea que su hijo(a) participe en la clínica de vacunas favor de completar el registro en línea que está aquí. <https://patients.vaxcare.com/registration> . **El código de registro es IN65942.** Por favor regístrese antes del día 28 de marzo y su registración servirá como confirmación de una cita programada para que su estudiante reciba sus vacunas durante el horario escolar. Si necesita un formulario en otro idioma o necesita ayuda para completar el registro, comuníquese con la escuela a 812-522-4384 ext. 1250 o marque el # 9 para español.

Para más información favor de contactar a la enfermera, Sra. Sherry Reinhart RN al 812-528-1180 o enviar un correo electrónico at reinharts@scsc.k12.is.us

Muchas Gracias,

Sherry Reinhart RN
